

Do you have what it takes to be a **life saver?**

Help your students become the next **GENERATION OF LIFESAVERS™** to take action by learning CPR!

**American
Heart
Association®**

life is why™

*The **CPR in Schools Training Kit™** provides a unique opportunity for university staff to bring CPR training to their campus. Whether you are an athletic director, professor, administrator or staff member who focuses on health improvement, the American Heart Association makes it easy to bring the lifesaving skills of CPR and AED use to your college.*

HANDS-ON

The **CPR in Schools Training Kit** is an all-in-one CPR training program that can be presented to students in less than one hour and adds a great collaborative component to your next staff/department meeting. This fun, interactive experience is also a great way to implement community service into any club, sports team, or campus gathering.

DVD INSTRUCTION

The instructional DVD and facilitator guide makes it easy for anyone to facilitate a training. The ten included manikins allow participants to benefit from a practice-while-watching approach to CPR training.

FREE ONLINE RESOURCES AND TEACHING AIDS

Visit **heart.org/CPRinSchools** for additional resources specific to college campuses.

EXPERT HELP STARTING YOUR OWN CPR PROGRAM

The American Heart Association can answer your questions and share best practices from years of community and classroom CPR education experience.
