

Do you have what it takes to be a **life saver?**

Join the **GENERATION OF LIFESAVERS™**
taking action and learning CPR!

**American
Heart
Association®**

life is why™

*The **CPR in Schools Training Kit™** provides a unique opportunity for college students to bring CPR training to their schools. Whether you are an athlete, member of a Greek organization, resident assistant, student government officer, club member, or just a dedicated student, the American Heart Association makes it easy to bring the lifesaving skills of CPR and AED use to your campus.*

HANDS-ON

The **CPR in Schools Training Kit** is an all-in-one CPR training program that can be presented to students in less than one hour. This fun, interactive experience is a great way to implement community service into any on- or off-campus club, dorm, athletic, or Greek life gathering.

DVD INSTRUCTION

The instructional DVD and facilitator guide make it easy for any student leader to facilitate a training. The ten included manikins allow participants to benefit from a practice-while-watching approach to CPR training.

FREE ONLINE UNIVERSITY TOOLKIT

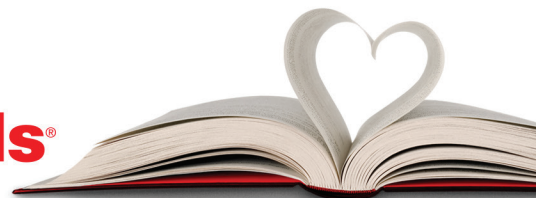

The **CPR in Schools Training Kit** is enhanced by resources in the free online university toolkit, which was created specifically for college students like you. The toolkit will provide you with everything you need to plan, organize, and execute a CPR training event on campus including:

- Timeline and checklist
- Budget template
- Email templates for obtaining event approval/funding and reserving location
- Poster, email, and social media templates to help promote event

EXPERT HELP STARTING YOUR OWN CPR PROGRAM

The American Heart Association can answer your questions and share best practices from years of community and classroom CPR education experience.
