

# HOW DO I ACCESS MY ECARD THROUGH ATLAS?

**Congratulations on completing your American Heart Association (AHA) training! What's next?**

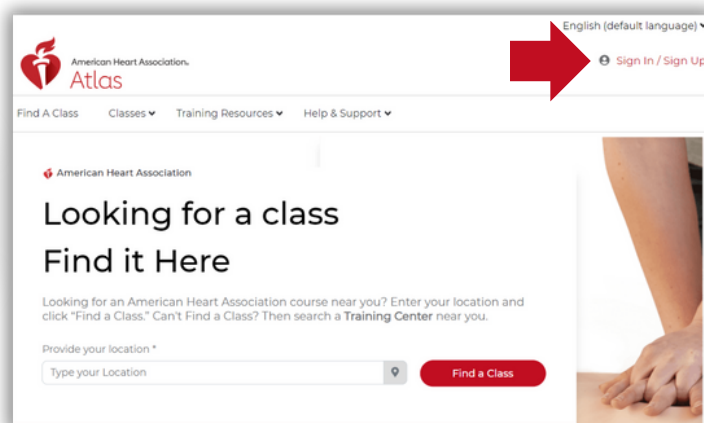

The next step is to access your eCard (proof of course completion) for the course in the Atlas system. This flowchart will guide you on how to provide feedback through the class survey, access your eCard, and claim any continuing education (CE) credits.

## STEP 1

### Register in Atlas

Go to the Atlas website at [Atlas.heart.org](https://atlas.heart.org) and register using the same email you provided to the Instructor for your eCard.

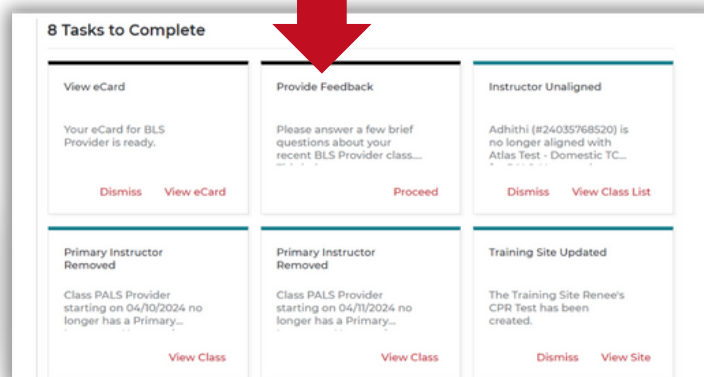

*Please note: Through the Atlas system, eCards are auto-claimed so, you will see a task tile on your dashboard to "View eCard" instead of receiving an email.*

## STEP 2

### Provide Feedback

- Sign into Atlas
- View dashboard
- Click the "Provide Feedback" tile under "Tasks to Complete" to complete class survey

## STEP 3

### Access eCard & Continuing Education (CE)

1. Click "Proof of Completion"
2. Click "eCard" to view and download eCard
3. Click "Claim CE" to claim any CE credits that are available
